Product Description

Rabbit anti Na⁺-Ca²⁺- exchanger

Product : Rabbit Na⁺-Ca²⁺ exchanger (NCX3)

Code No. : 95209

Lot No.: 22.10

Form : Lyophilized antiserum (no preservatives).

Quantity: 200 µl.

Reconstitution: with 200 µl bidistilled water.

Description:

This antiserum was produced against a fusion protein expressed using a clone encoding the large intracellular loop of the brain NCX3 isoform of the Na⁺-Ca²⁺ exchanger. Details are described in Thurneysen et al. (2002). The antibody does not crossreact with NCX2 or NCX3. The antiserum has been used for immunoblots and immunohistochemistry.

Working dilutions:

We recommend that the optimal dilutions be determined by titration experiments.

Storage:

For long storage, keep at - 80°C (or at least - 20°C). For continuous use, keep at 4°C (with 0.01% Na-azide). Avoid repeated freezing and thawing.
